## TERMS OF SALE

1. Terms are strictly CASH to the highest bidder. In case of dispute the decision of the Auctioneer will be final. Lots must be cleared and paid for at the end of the sale.
2. For those unable to attend the sale in person, bids may be executed by the Auction Manager, but forwarding charges, insurance and registration, etc., will be charged to the buyer. Bids from overseas members should be in Sterling and **all bids from members not attending the sale in person must be received by 1200 hours Friday 6th October 2017 if by e mail or by Friday 29th September 2017 if by phone or mail.** Receipt of bids will be acknowledged by e mail or phone so if you don't receive this please contact the Auction Manager asap.
3. Successful bidders will be notified of their purchases by Pro-forma invoice (normally by e mail) and lots will be forwarded upon receipt of the FULL remittance in STERLING funds.
4. Lots will normally be sent out by first class mail (or equivalent) for invoices up to £50 in value or by Royal Mail 'Signed For' service (or equivalent) for invoices over £50. Buyers requiring an alternative service should request this when responding to the pro-forma invoice.
5. All lots are sold as genuine (except where offered 'as is') but neither the Auctioneer nor the Society can be held responsible for a wrong description by the vendor.
6. All lots are sold in STERLING FUNDS and must be paid for in STERLING FUNDS. Payment may be made either by sterling cheque drawn on a UK clearing bank and **made payable to the Society** or via PAYPAL. **In the case of PAYPAL payments a 5% surcharge will be applied to cover PAYPAL charges.**
7. The estimates given in the appropriate column are meant as a guide to those bidders unable to inspect the lots. In many cases the vendor's figures have been checked and adjusted. It is anticipated that most lots will sell at, or a little above, the estimate given. Condition has been taken into account and every effort made to give a clear description for the benefit of the postal bidders. Such descriptions have, of necessity, to be reasonably brief. The Auction Manager is prepared to attempt to give more detailed descriptions of larger lots. The numbers stated in general lots and accumulations have not all been checked and must be accepted as only approximate.
8. **THERE IS NO BUYER'S PREMIUM OR VAT PAYABLE.**
9. The vast majority of lots in the sale are illustrated in this catalogue. Large and mixed lots have generally been illustrated by showing a sample of the contents. **Lot numbers highlighted in red have illustrations; normally on the adjacent page.** Should these illustrations prove inadequate, the Auction Manager will be happy to provide additional information or scans or to provide material for Postal Viewing.

Applications for Postal Viewing will be dealt with in strict rotation. The cost both ways, must be paid for by the viewer and all lots must be sent back BY RETURN OF POST, with remittance to cover postage, registration, etc. Unfortunately, no lots can be sent for viewing to overseas members nor can any lots be sent out for postal viewing after Friday 22nd September 2017. Scans can be sent as jpeg attachments up to Friday 29th September 2017. Some lots are very bulky (this is indicated in lot description) and these will not be suitable for postal viewing.

**All enquiries, viewing requests and bids should be sent to the Auction Manager.**

## INFORMATION FOR BIDDERS

An estimate is shown against each lot. This is an estimate of the market value of the lot and may be used as a guide to the likely selling price. However, please note that our Auction Manager does not always get it right!

Where vendors have set a reserve price, this will vary but will normally be some 60 – 80% of the estimate. If the estimate is at 100% of reserve, this will be clearly indicated in the lot description.

We also sometimes have lots sold without reserve, particularly when they are donated or sold for Society funds. Again, this will be clearly highlighted in the lot description. Please bid generously in such cases!

### **Our bidding increments are as follows:-**

**Up to £10    50p steps**  
**£10 to £20      £1 steps**  
**£20 to £50    £2 steps**  
**£50 to £100 £5 steps**  
**£100 to £200    £10 steps**  
**£200 to £500    £25 steps**  
**Over £500    at Auctioneers discretion.**

Please note that we do not accept 'Buy' bids. Bids received which are not in line with the above steps will be rounded down to the nearest bidding increment.

Lots will be sold to the highest bidder at one increment above the next highest bid. Your bid will not be used as a starting price. **In the event of tied bids, the bid received earliest will win the lot.**

The auction will be called by an experienced auctioneer who will treat your bids in confidence. Your limit bid will not be used as a starting bid.

For the majority of lot values we have referred to the following catalogues:-

SG - Stanley Gibbons Canada & Provinces 6<sup>th</sup> Edition 2016

CS - Unitrade Specialized Catalogue of Canadian Stamps 2016 Edition

Other catalogues have been used for some specialised material and where applicable these are clearly referenced. (E.g. E.S.J. Van Dam for Revenue stamps, Webb for Postal Stationary etc.)

Where the abbreviation STC is used, the catalogue value stated is that provided by the vendor and has not been checked by the Auction Manager.

The sale is listed as follows:-

6. Miscellaneous material including revenues lots 598 - 604

The Postal History sections of the sale in particular, contain many specialised items. Rather than split these into too many sub-listings we have attempted to highlight key words (**in red**) that may draw attention to items of special interest or unusual destinations. The system is, of course, not foolproof so if you do have specific interests we would advise close inspection of the lot listings to ensure you do not miss something important. Within each section, lots are listed broadly in chronological order.

Please note that although we have made efforts to illustrate the vast majority of lots, the scans are **not to scale** so relative sizes will not be correct. The scans are, however, of fairly high resolution so you will be able to blow them up in size online to get a close up view of the material.

**Oh and remember..... if you see something you like, bid early, bid often and bid high!!**

## **FOREWORD**

This sale contains the usual eclectic mix of postal history and stamps from the BNA area. With over 600 lots this is a larger sale than we have had in recent years. Lots are estimated from as little as £2 up to several £100's so there should be something to match most collecting interests and also all pocket books.

A large chunk of this sale has been compiled from material from the late Peter Payne's collections. These were particularly strong in Edward VII and Admiral period material and the sheer volume of such material is such that it will be spread over several auctions with only the first instalment appearing here.

As usual, all estimates and bidding are done in £ Sterling although successful overseas bidders will be able to pay invoices in their local currency using PAYPAL. With the £ continuing to languish at low levels against both the \$US and \$CAN there should be some good bargains for our overseas members in this sale.

Whilst the sale contains a bit of almost everything BNA, the particular highlights include the following:-

1. A rarely seen lot of incoming transatlantic mail from the UK to Canada, many franked with GB surface printed stamps of Queen Victoria
2. Some outstanding Edward VII era postal history including scarce rates and destinations
3. A good range of bisected Canadian stamps of the 19th Century
4. Specialised collections and single lots of Admiral values 1 cent green, 2 cent green, 3 cent brown, 3 cent red and War Tax stamps including many rarely seen re-entries.
5. Some scarce Newfoundland stamps and covers
6. A good range of cancellation lots of all types with a big range of early flag and machine cancels
7. Some nice Semi-Official Airmail covers
8. Another fine lot of Private Post Cards - many illustrated, and
9. A larger than usual offering of Canadian Postal Stationary including many scarce types

I hope you can find a few lots to enhance your collection.

Graham Searle

1 August 2017.

| <b>2</b>  | 1859 5 cents Beaver (SG 31/ 32, CS 15) . Large Accumulation of some 129 copies mounted on album pages. All used. The owner has marked up perfs for the majority but has not fully checked for papers, shades or varieties. Includes four pairs and one strip of three. A couple of the stamps have noted faults but the majority appear fine to very fine with some excellent copies included. Note a couple of imprint copies and at least two on the thin paper. Rare opportunity to acquire a large accumulation of these stamps for study of printing orders etc. Cat value is well in excess of £1500. | £180 |

| <b>5</b>  | 1859 10 cent Prince Albert. Three used copies in range of shades. Includes a nice example of the deep red purple shade (PO2) with one rounded corner; one dated copy (3 MY 64) with tiny pin hole thin and one very lightly cancelled example in brown with one rounded corner. | <b>6</b>  | 1859 10 cent Consort in brownish - purple shade (UCS 17b, SG 35). Very fine used copy with almost perfect centring and very lightly cancelled. Just one blunt perf at top. Hard to find a better one. Cat \$200.                                                                                                                                                                                                                                                                                                                                                                                            | £30  |
| <b>7</b>  | 1868. Extraordinary set of unused (no gum) Large Queens - complete set on thin paper. For some reason a previous owner has decided to trim off the perfs in order to try and create a set of proofs (can't help but think the unused stamps would have been worth a great deal more!) and in so doing has destroyed almost all the value. What is left are beautiful examples of the original, as issued, shades of the Large Queen stamps.                                                                                                                                                                 | £24  |
| <b>8</b>  | 1868 small range of Large Queen stamps comprising; 1 cent red brown (2), 3 cent (2), 5 cent, 6 cent, 12 1/2 cent (2), 15 cent slate blue and 15 cent slate purple (2). All are fine to very fine used and lightly cancelled. Some very nice copies here.                                                                                                                                                                                                                                                                                                                                                    | £75  |
| <b>9</b>  | 1868 15 cent Large Queen perf 12 in dull violet grey shade (SG 61b, UCS 29) Very fresh mounted mint with much o.g. and superbly centred. Very fine. Cat £250                                                                                                                                                                                                                                                                                                                                                                                                                                                | £100 |
