

BNAPS – VIRTUAL CONVENTION SATURDAY 31 JANUARY 2026

This one day event is open to all CPSGB members regardless of whether you are also BNAPS members. You will, however, need to register for the event.

Full details of the Seminar programme and the Exhibits can be found at <https://bnaps.org/bnapex/vec2026>

If you are a BNPAS member you can just sign in on the BNAPS website and you will then be able to access all of the details.

If you are not a BNPAS member you can still register for the event on the website link shown above. Just click on the REGISTER button on the main VEC2026 page. You will only have to enter your name and e mail address. Once registered, the Seminar Zoom links can be accessed and the exhibits can be viewed.

The Seminars are being held in the morning and afternoon EST so UK residents would be able to participate in afternoon and early evening UK time.
